

Fire Chief Steven R. Stith

July 24, 2015

We are happy to announce that the Town of White Springs is the recipient of a \$600,000.00 Community Development Block Grant for the construction of a new Fire Station on the corner of Jewett & Bridge Street.

Our current Fire Station built in the 1970's does not hold every piece of apparatus due to the size. Causing a possible delay in response time.

With the construction of the new station all apparatus & equipment will be held at one central location.

We will also have a training area & meeting point during natural disasters.

We would like to thank the Hamilton County Development Authority for their contribution of \$25,000.00. Also to First Federal Bank for allowing us to participate in their Community Rewards Program for a contribution of up to \$1,000.00 This programs consists of First Federal customers signing up for the program and for each time their debit card is used as credit, First Federal will donate .50 to the White Springs Fire Department to assist in furnishing the kitchen area of the station.

We are looking forward to the future of the White Springs Fire Department & remember we are always looking for interested volunteers. Just stop by Town Hall and ask for a Fire Department Application!
